LEGISLATIVE ASSEMBLY.

PRIVATE BILLS.

EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS.

100. (1.) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2.) Such notice shall be published in the British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3.) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4.) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1.) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a.) A printed copy of such Bill;
- (b.) A copy of the petition to be presented to the House;
- (c.) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2.) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3.) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1.) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2.) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring $10\frac{1}{4}$ inches by $7\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to Incorporate Companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.
Dated May 1st, 1930.

W. H. LANGLEY,
Clerk, Legislative Assembly.

(1.) To acquire by purchase, exchange, lease, licence, location, or otherwise, and manage, improve, erect, maintain, operate, work, control, and superintend, timber lands, timber leases, licences, limits, claims, berths, and concessions, and lands and interests therein, and mills, manufactories, mill-sites, mill privileges, booming, storage, and sorting grounds, stores, warehouses, machine-shops, water-powers, water records, water rights and privileges, reservoirs, dams, flumes, pipe-lines, driving rights, roads, skidways, logging-roads, and tramways (operated by steam, oil, gas, electricity, or other mechanical power) and rights-of-way therefor, piers, wharves, and docks, and any interest therein, and to own, operate, hold, sell, mortgage or hypothecate, turn to account, develop, dispose of, and deal in the same or any part thereof:

(2.) To manufacture, treat, make merchantable, transport, and trade in timber or lumber of every description and the products thereof, and to trade in or manufacture any articles or substances used in treating and making merchantable the same:

(3.) To carry on the businesses of box-makers, wood-workers, timber merchants, lumber merchants, lumbermen, loggers, sawmill, shingle-mill, pulp-mill, and paper-mill proprietors, and manufacturers of all kinds of boxes, receptacles, lumber, wood, and paper in any and all of their branches, and to buy, sell, log, prepare for market, manufacture, handle, store, import, export, and deal in sawlogs, timber, lumber, shingles, lath, sash, doors, portable houses, bolts, piles, wood, boxes, receptacles, pulp-wood and paper of all kinds, and to manufacture and deal in articles of all kinds made or partly made of paper, lumber, timber, or wood:

(4.) To purchase, lease, erect, or otherwise acquire sawmills, shingle-mills, pulp-mills, paper-mills, and mills of any other description for the manufacture of lumber, shingles, pulp, paper, and other timber products:

(5.) To purchase or otherwise acquire all necessary machinery and equipment for such manufac-

ture of lumber, shingles, pulp, paper, and other timber products:

(6.) To conduct and carry on the business of merchants, wholesale and retail, and also a general trading, mercantile, and commission business, including the supplying of food, stores, and other necessities for the Company's employees and others:

(7.) To develop and turn to account any land or other property acquired by or in which the Company is interested, and in particular the laying-out of townsites and preparing the same for building purposes, constructing, altering, pulling down, decorating, maintaining, furnishing, fitting up, and improving buildings and works of every description, and by surveying, subdividing, clearing, planting, paving, irrigating, draining, dyking, farming, cultivating, letting on building lease or building agreement or otherwise, and entering into contracts or arrangements of all lawful kinds with purchasers, builders, tenants, and others:

(8.) To acquire, own, construct, maintain, improve, develop, work, operate, control, and manage townsites, waterworks, gasworks, reservoirs, tramways, electric power, heat, and light supply works, telephone-works, hotels, boarding-houses and lodging-houses, restaurants, baths, places of worship, places of amusement, pleasure-grounds, parks, gardens, reading-rooms, stores and shops, and any industrial, educational, recreational, or other works and conveniences which may be necessary or convenient to the foregoing purposes, and to contribute or otherwise assist or take part in the construction, maintenance, development, working, control, and management thereof, and to collect remuneration for the use of the same:

(9.) To carry on the trade or business of iron-masters, steel or iron makers, converters, iron-founders, machine-shops, electrical shops, metallurgists, mechanical workers, chemists, and of manufacturers of all kinds of machinery, implements, tools, electrical supplies and appliances, toys, and all kinds of manufactured articles, and tool-makers, brass-founders, metal-workers, boiler-makers, millwrights, electrical workers, and to buy, sell, manufacture, repair, convert, alter, let on hire, and deal in machinery, implements, rolling-stock, electrical supplies and toys, and hardware of all kinds:

(10.) To acquire, hold, charter, operate, mortgage, lease, alienate, convey, repair, alter, and build all such steamers and steam, oil, electric, or gasoline launches, tugs, barges, scows, boats, or other vessels, and sailing-vessels, or any interests or shares therein, as may be necessary or convenient to the business of the Company, and to let out to hire or charter the same, and to carry passengers, mails, and freight in any of the said ships or boats, and to collect moneys for fares and for the carriage of such passengers and freight:

(11.) To carry on all or any of the businesses of carriers by land and sea, draymen, scow-owners, barge-owners, lightermen, forwarding agents, warehousemen, and wharfingers:

(12.) To avail itself of and to have hold, exercise, use, and enjoy all rights, powers, privileges, advantages, priorities, and immunities created, provided, and conferred by the "Water Act" and any amendment thereof, and any and all other laws pertaining to the appropriation and use of waters for any and all purposes whatsoever:

(13.) To acquire, operate, and carry on the business of a power company, and to apply water or water-power for producing any form of power, or for producing and generating electricity for the purposes of light, heat, and power, or any other purpose for which electricity may be applied; to acquire, construct, and operate waterworks, and to distribute, sell, supply, or use water or water-powers for mechanical, irrigation, domestic, or any other purposes for which water or other power may be supplied, sold, or used; to render water and water-power available for use, application, and distribution by acquiring, constructing, erecting, and operating any and all improvements of every sort whatsoever necessary for said purposes, including the diverting of the waters of any stream, pond, or lake into any other channel or other channels:

(14.) To construct, equip, operate, and maintain electric, cable, or other tramways for the conveyance of passengers or freight:

(15.) To construct, equip, operate, and maintain telegraph and telephone systems and lines:

(16.) To carry on the business of an electric light company in all its branches, and to do any and all things necessary to generate, distribute, and supply electricity to any person, firm, corporation, or municipality:

(17.) To obtain by purchase, lease, hire, discovery, location, or otherwise, and hold, mines, mineral claims, mineral leases, prospects, and mining lands, oil claims, leases, prospects, and lands, and mining rights of every description, and to work, develop, operate, and sell or otherwise dispose of the same or any of them or any interest therein, and to carry on the business of a mining, smelting, milling, and refining and oil company in all or any of its branches:

(18.) To acquire by lease, purchase, or otherwise lands containing sand, gravel, granite, sandstone or limestone, or other building substances or materials, and to carry on the business of quarry-owners and wholesale and retail dealers in any and all kinds of building materials:

(19.) To remove obstructions from any river, lake, creek, or stream, and to do all things necessary to make the same clear and fit for rafting and driving thereon logs, lumber, rafts, or crafts, and for such purposes to blast rocks, deepen channels, remove shoals or other impediments, or otherwise improve the navigability or floatability of any river, lake, creek, or stream:

(20.) To manufacture, buy, sell, export, import, and generally deal in ropes, cables, windlasses, tackle, and ship-building supplies generally:

(21.) To purchase, pre-empt, take on lease or in exchange, hire, or otherwise acquire, hold, maintain, and operate any real and personal property and any rights or privileges which the Company may think necessary for its business, and to construct, maintain, and alter any buildings or works which may be necessary or convenient for the purposes of the Company, and the same to hold, maintain, operate, mortgage, lease, turn to account, sell, and convey at pleasure:

(22.) To purchase, lease, construct, or otherwise acquire and hold foreshore with territorial water rights, foreshore rights and privileges, and other easements and privileges as may be found necessary or convenient for carrying on the business and furthering the objects of the Company, and sell, lease, or mortgage the same or any part thereof:

(23.) To carry on all or any part of the businesses of general contractors and builders:

(24.) To establish and support or aid in the establishment and support of associations, institutions, funds, and conveniences calculated to benefit employees or ex-employees of the Company or the dependents or connections of such persons, and to grant pensions and allowances, and to make payments towards insurance, and to subscribe or guarantee money for charitable or benevolent objects, or for any exhibition, or for any public, general, or useful object:

(25.) To acquire and carry on all or any part of the business or property and to undertake any liabilities of any person, firm, association, or company possessed of property suitable for the purposes of this Company, or carrying on any business which this Company is authorized to carry on, or which can be conveniently carried on in connection with the same, or may seem to the Company calculated, directly or indirectly, to benefit this Company; and to pay for any lands, business, property, rights, privileges, and concessions acquired or agreed to be acquired by the Company, and generally to satisfy any payment by or obligations of the Company, by the issue of shares of this Company or any other company credited as fully or partly paid up, or of debentures or other securities of this or any other company credited as fully or partly paid up:

(26.) To undertake and carry into effect all such financial, trading, or other operations or businesses

in connection with the objects of the Company as the Company may think fit:

(27.) To subscribe for, take, acquire, hold, and sell stocks, shares, debentures, obligations, and securities of any company, or any supreme, municipal, public, or local board or authority:

(28.) To enter into partnership or into any arrangement for sharing profits, union of interests, co-operation, joint adventure, reciprocal concessions, or otherwise with any person, persons, partnership, association, or corporation; to lend money to, guarantee the contracts of, or otherwise assist any person, association, or corporation, and in particular any person, association, or corporation being customers of or having any dealings with the Company, and to take or otherwise acquire shares and securities of any such person, association, or corporation, and to sell, hold, reissue, with or without guarantee, or otherwise deal with the same, and to consolidate with or amalgamate with any other company having objects similar to those of this Company; to lend money to the shareholders of the Company or any one or more of them with or without security:

(29.) To sell, lease, exchange, surrender, mortgage, or otherwise deal with the whole of the undertaking and property and rights of the Company or any part thereof for such consideration as the Company may think fit, and in particular for any shares (whether credited as partly or fully paid up or otherwise), debentures, or securities of any other company, and to divide such part or parts, as may be determined by the Company, of the purchase-moneys, whether in cash, shares, or other equivalent, which may at any time be received by the Company on a sale of or other dealing with the whole or part of the property, estate, and rights of the Company, amongst the members of the Company by way of dividend or bonus in proportion to their shares or to the amount paid up on their shares, or otherwise to deal with the same as the Company may determine:

(30.) To obtain any Act of Parliament or to apply to the executive authority for any order for enabling the Company to carry any of its objects into effect, or for effecting any modification of the Company's constitution, or for any other purpose which may seem expedient, and to oppose any proceedings or application which may seem calculated, directly or indirectly, to prejudice the Company's interests:

(31.) To enter into any arrangement with any Government or authorities (supreme, municipal, local, or otherwise) that may seem conducive to the Company's interests, and to obtain from any such Government or authority, or take over from other persons or companies possessed of the same, any rights, privileges, bonuses, or concessions which the Company may think desirable to obtain, and to carry out, exercise, and comply with any such arrangements, rights, privileges, and concessions:

(32.) To do all acts and things which may be necessary or desirable in connection with or to procure for the Company a legal recognition, domicile, and status in any colony, state, or territory in which any of its property, estate, effects, or rights may be situated or in which the Company may desire to carry on business, and to appoint local boards or committees, attorneys or agents, with such powers as the directors of the Company may determine, to represent the Company in any such colony, state, or territory:

(33.) To create, issue, make, sell, exchange, hypothecate, or otherwise deal with, draw, accept, endorse, discount, and negotiate perpetual or redeemable bonds, debentures or debenture stock, or other negotiable or non-negotiable obligations:

(34.) To pay out of the funds of the Company all expenses of or incidental to the formation, registration, and advertising of the Company, and to remunerate any person or company for services rendered or to be rendered in placing or assisting to place, or guaranteeing the placing of, any shares in the Company's capital, or guaranteeing any debenture or other securities of the Company, or in or about the formation or promotion of the Company or the conduct of its business:

(35.) To procure the Company to be legalized, registered, incorporated, or authorized to transact business under or in connection with the laws of any country or state in which it may lawfully carry on business, and in any lawful way obtain or assist in obtaining, within the Dominion of Canada or any Province thereof, or any state or territory of the United States or any foreign country, any Order in Council, certificates of the Lieutenant-Governor in Council, Act of Parliament or Act of the Legislature, or other necessary authority for enabling the Company to carry any of its objects into effect, or for effecting any modification of these articles:

(36.) To do all or any of the above things in any part of the world, and as principals, agents, contractors, or otherwise, and by and through agents or otherwise, and either alone or in conjunction with others:

(37.) To do all such things as are in the opinion of the directors incidental or conducive to the attainment of the above objects, and so that the word "company" throughout this clause shall be deemed to include any Government, body, authority, partnership, association, or other body of persons, whether incorporated or not, and whether registered or domiciled in British Columbia or elsewhere:

(38.) The objects set forth in any subclause of this clause shall not, except when the context expressly so requires, be in anywise limited or restricted by reference to or inference from the terms of any other subclause or by the name of the Company. None of such subclauses or the objects therein specified or the powers thereby conferred shall be deemed subsidiary or auxiliary merely to the objects mentioned in the first subclause of this clause, but the Company shall have full power to exercise all or any of the powers conferred by any part of this clause in any part of the world, and notwithstanding that the business, undertaking, property, or acts proposed to be transacted, acquired, dealt with, or performed do not fall within the objects of the first subclause of this clause.

Ramsay & Son Company has appointed George Ernest Hancock, of Tenth Floor, Creditor Foncier Building, 850 Hastings Street West, Vancouver, B.C., barrister, as its attorney for the purposes of the "Companies Act," in place of Finley Robert McDonald Russell, of Vancouver, B.C., barrister.

Dated this 5th day of June, 1931.

597-je11 H. G. GARRETT,
Registrar of Companies.

NOTICE OF FINAL GENERAL MEETING.

In the Matter of the "Companies Act," B.C. Statutes, 1929, Chapter 11; and in the Matter of Ruddy-Duker, Limited (in Liquidation).

NOTICE is hereby given that a general meeting of the above-named Company will be held at 901 Vancouver, Block, 736 Granville Street, Vancouver, B.C., on Friday, the 3rd day of July, 1931, at 10 o'clock in the forenoon, for the purpose of having the account of the liquidator showing the manner in which the winding-up has been conducted and the property of the Company disposed of laid before such meeting, and of hearing any explanation that may be given by the liquidator, and also of determining by extraordinary resolution the manner in which the books, accounts, and documents of the Company and of the liquidator thereof shall be disposed of.

Dated at Vancouver, B.C., June 11th, 1931.

701-je11 JOHN DUKER,
Liquidator.

ATTORNEY-GENERAL.

"GAME ACT."

HIS HONOUR the Administrator in Council has been pleased to order that under the provisions of the "Game Act," chapter 98, "Revised Statutes of British Columbia, 1924," the following Game Regulations be made for the year 1931-32.

And to further order that Order in Council No. 603, approved May 13th, 1931, defining the open season for big game for the year 1931-32, be rescinded.

GAME REGULATIONS, 1931-32.

1. The prohibitions declared by section 9 of the "Game Act," being chapter 98 of the "Revised Statutes of British Columbia, 1924," as to the hunting, trapping, taking, wounding, and killing of game, are, subject to the provisions of sections 2, 3, 4, 5, 6, and 7 of these regulations, hereby removed to the extent and within the period and the limits and subject to the provisions hereinafter set out respectively, as follows:—

For the purpose of defining the open seasons for big game, game birds, and trapping of fur-bearing animals, the Province shall be divided into two districts, to be known as the Western and Eastern Districts:—

"Western District" shall mean and include all that portion of the Province situate and lying to the west of the summit of the Cascade Mountains and south of the Electoral District of Atlin.

"Eastern District" shall mean and include all of the remainder of the Province.

Provided that that portion of the Lillooet Electoral District lying to the east of a line drawn north and south (astronomic) of Alta Lake Railway-station, on the Pacific Great Eastern Railway, and further that portion of the Electoral District of Skeena situate and lying to the east of a line drawn north and south (astronomic) of the easterly railway yard limit of Shames on the Canadian National Railway, bounded by the southern boundary of the Electoral District of Atlin on the north and by Maitland Island on the south, shall, for all purposes in respect of open seasons on migratory game birds within the purview of the "Migratory Birds Convention Act," be construed and considered as lying within the Eastern District.

EASTERN DISTRICT (OPEN SEASONS).

"MOVING PICTURES ACT."

July 7th, 1931.

PURSUANT to the provisions of the above Act, being chapter 178 of the "Revised Statutes of British Columbia, 1924," His Honour the Administrator in Council has been pleased to approve of the following regulations:—

REGULATIONS RESPECTING MOVING-PICTURE FILMS AND FILM EXCHANGES.

(Pursuant to the "Moving Pictures Act.")

INSPECTION AND APPROVAL OF FILMS.

1. *Inspection*.—(1.) Except as otherwise provided in this regulation, all films and slides submitted for inspection shall be inspected by the Censor at the demonstration office maintained by the Government for that purpose, and shall be brought to that office and removed therefrom by the person submitting them. During the time the films and slides are on the premises of the demonstration office they shall be at the risk of the person submitting them in respect of all damage or loss by fire or from any other cause.

(2.) In the case of a film which for any reason it is impossible for the Censor to inspect at the Government demonstration office, the film shall be inspected at the convenience of the Censor at such place in the City of Vancouver as shall be provided at the direction of the Censor by the person submitting the film for inspection. All costs incidental to the inspection of the film shall be borne by the person submitting it.

2. *Approval*.—(1.) The Censor shall approve any film from which all parts which he finds objectionable have been removed. If the Censor approves any film with modifications or excisions, the modifications or excisions shall be made by the Censor; and the portions of film removed shall remain in possession of the Censor so long as the film is kept for exhibition in the Province, and shall only be returned to the person who submitted the film when the approval stamp of the Censor has been removed from the film which was approved. After the removal of the approval stamp of the Censor from a film the film shall not be exhibited to the public in British Columbia unless it is subsequently submitted to the Censor and again approved by him.

(2.) If any person submitting any film to the Censor objects to the modification of the film he shall serve the Censor with a notice in writing to that effect, and if any part of that film does not meet with the approval of the Censor the film shall not be modified or approved by him.

3. *Effect of Approval*.—No exhibition of any film which has been approved by the Censor and is unaltered since his approval, and which bears a stamp signifying his approval, or is accompanied by a certificate of his approval, shall be prohibited by any police officer, constable, or any other person on account of anything contained in the film.

4. *Appeal Board*.—(1.) Where a film is approved by the Appeal Board on an appeal from the decision of the Censor, it shall not be exhibited in the Province unless it carries a caption of not less than 10 feet of film, inserted between the printed cast of the play and the first picture of the action of the play, so designed as legibly to project on the screen the words "Passed by the Appeal Board of British Columbia." It shall be the duty of the film exchange having control of the film to furnish the caption required by this regulation.

(2.) The moneys deposited with the Censor as the appeal fee on an appeal from his decision shall be distributed by him at the conclusion of the appeal in equal shares among the members of the Appeal Board present on the hearing of the appeal.

5. *Deletion of Reference to Foreign Approval.*—No film which carries anywhere in its length any section of film which is designed to project on the screen a statement that such film has been inspected or approved by any Board of Censors outside the Province of British Columbia shall be exhibited to the public in British Columbia.

6. *Inspection Fees.*—The fees to be paid to the Censor for the inspection of films and slides shall be as follows:—

- (a.) For each reel of sound-on-track or disk film submitted for inspection by the holder of a film-exchange licence, the sum of \$3 for the first 1,000 feet of film, and the sum of 30 cents for each additional 100 feet or fraction thereof of film on the reel.
- (b.) For each additional print of a film within the scope of clause (a) of this regulation which has already been inspected by the Censor, the sum of \$2 for the first 1,000 feet of film, and the sum of 20 cents for each additional 100 feet or fraction thereof of film on the reel.
- (c.) For each reel of silent film submitted for inspection by the holder of a film-exchange licence, the sum of \$1.50 for the first 1,000 feet of film, and the sum of 15 cents for each additional 100 feet or fraction thereof of film on the reel.
- (d.) For each advertising trailer of 1,000 feet or fraction thereof of film on the reel, to be used for advertising future showings of feature films, the sum of \$1.50.
- (e.) For each reel of film not herein otherwise provided for, the sum of \$5 for the first 1,000 feet of film, and the sum of 50 cents for each additional 100 feet or fraction thereof of film on the reel.
- (f.) For each set of slides relating to one subject or contained in one series, the sum of \$5 for the first 50 slides, and the sum of 5 cents for each additional slide contained in the set.
- (g.) For each slide not herein otherwise provided for, the sum of 10 cents.

FILM EXCHANGES.

7. *Film Exchange Licences.*—(1.) No film exchange shall be carried on by any person except pursuant to a licence therefor first obtained from the Censor. The fees payable for film-exchange licences shall be as follows:—

- (a.) General film-exchange licences, with no restriction as to number of films\$300.00
- (b.) Limited film-exchange licences—
 - Limited to six subject titles with a maximum of 40 reels 50.00
 - Limited to films exposed, developed, and printed within the Province, with no limit as to number 50.00

(2.) Where a film-exchange licence is issued after the 30th day of June in any year, the Censor may reduce the licence fee therefor to one-half the annual licence fee otherwise payable.

(3.) Every application for a film-exchange licence shall be accompanied by the prescribed fee in cash, or by money-order or marked cheque payable to the order of the Censor.

(4.) A film-exchange licence shall not be transferable from one holder to another, but may, with the consent of the Censor, be transferred from one premises to another without additional fee.

8. *Duty of Film Exchanges to furnish Lists of Patrons.*—Every film exchange shall from time to time, on demand of the Censor and for the purpose of carrying out the provisions of the "Moving Pictures Act," furnish to the Censor in writing the names and addresses of all persons in the Province to whom films or slides have been rented, leased, sold, or supplied by the film exchange.

9. *Offences.*—Every person, being the holder of a film-exchange licence within the scope of clause (b) of paragraph (1) of Regulation 7 of these regulations, who submits to the Censor for examination or approval any film not owned, leased, or rented by that person, with the intent to secure the examination or approval of the film at a lower fee than would be chargeable if the film were so submitted by the person owning or having the control or use of the film, shall be guilty of an offence against these regulations, and in addition to any penalty therefor otherwise imposed, his licence may be suspended or cancelled by the Censor.

"FIRE MARSHAL ACT."

July 7th, 1931.

PURSUANT to the provisions of the above Act, being chapter 91 of the "Revised Statutes of British Columbia, 1924," His Honour the Administrator in Council has been pleased to approve of the following regulations:—

REGULATIONS RESPECTING MOVING-PICTURE THEATRES, KINEMATOGRAPHS, AND PROJECTIONISTS, AND THE STORAGE AND USE OF NITRO-CELLULOSE X-RAY FILMS.

(Pursuant to the "Fire Marshal Act.")

MOVING-PICTURE THEATRES.

1. *Approval of Construction.*—Before commencing construction of any moving-picture theatre or of any structural alterations in an existing moving-picture theatre, plans and specifications for inspection shall be filed with the Fire Marshal for his inspection, and no person shall commence the work of construction until the plans and specifications have been approved by the Fire Marshal. The plans shall consist of drawings showing floor-plans in detail, one elevation and one cross-section indicating construction drawn to a scale of not less than $\frac{1}{8}$ inch to 1 foot. All dimensions, including height and thickness of walls, structural parts, exists, stages, projection-rooms, and furnace-rooms, shall be clearly shown. The specifications shall fully set forth the methods of construction and explain the plans. All plans and specifications shall be in accordance with these regulations, except that the Fire Marshal may in the case of a moving-picture theatre existing on October 1st, 1929, approve such deviations from these regulations as he considers advisable and in accordance with reasonable safety. Upon completion of construction of a moving-picture theatre, the owner or manager thereof shall notify the Fire Marshal that the moving-picture theatre is ready for his inspection, and no such theatre shall be opened to the public until it has been inspected and approved in writing by the Fire Marshal.

2. *Entrances.*—All entrances to moving-picture theatres shall be not less than 5 feet in width and shall be equipped with double-leaf doors hinged so as to swing freely both ways. These doors will also serve as exit doors.

3. *Exits.*—In addition to the entrances, emergency exits at or near the rear of the auditorium and at other places as may be designated by the Fire Marshal, giving free access to street, lane, or open court, shall be provided. Such exits shall be proportioned on the basis of the seating capacity of the moving-picture theatre, and shall afford not less than 22 inches of combined width to each 150 seats or major portion thereof, and this exit width shall be equally apportioned to each side of the auditorium; but each exit shall be not less than 42 inches in width and shall be equipped with double-leaf doors opening outward and equipped with standard panic or exit bolts. No other bolts or fastenings shall be used on emergency exit doors.

4. *Fire-escapes*.—From all balconies and from points of the auditorium main floor that are 8 feet or more above the street-level, exit doors shall be provided to give access to fire-escapes, which fire-escapes shall be continuous to the ground and installed in full compliance with the regulations for fire-escapes under the "Fire Marshal Act."

5. *Exit Lights*.—At all times when a moving-picture theatre is open for the admission of the public, each exit shall be marked with an illuminating sign clearly displaying through red-coloured glass the word "EXIT," the letters forming such word to be not less than 6 inches in height. No other red illuminating lights or signs shall be used in any moving-picture theatre.

6. *Aisles*.—All aisles extending in direction from the front to the rear of a moving-picture theatre shall be not less than 4 feet in width throughout their length. All cross-aisles extending from main aisles to the exists shall be not less than 3 feet 9 inches in width throughout their length.

7. *Stairways*.—All stairways leading to any tier or gallery shall be not less than 4 feet in width and shall be equipped with a securely fastened handrail not less than 3 feet above treads and landings. The stairs shall have risers of not more than 7 inches and treads of not less than 10 inches measured from the face of the riser. There shall be not less than three nor more than eighteen risers in any flight of stairs. All landings between the flights shall be the full width of the stairs and not less than 4 feet in length.

8. *Obstructions*.—All aisles, halls, stairways, passage-ways, and lobbies shall at all times be kept free from obstructions. No person shall be allowed to sit, stand, or loiter in any aisle, stairway, or passage-way. In all entrance and mezzanine foyers clear passage-ways equivalent in width to the combined entrance and exit passage-ways shall at all times be maintained.

9. *Seats*.—Separate detailed plans of the seating shall be submitted to the Fire Marshal for his approval before the seats are installed. All rows of seats on the main floor shall be spaced not less than 32 inches, measured horizontally from back to back; and all rows of seats in any balcony or gallery shall be spaced not less than 30 inches, measured in like manner. In one-floor moving-picture theatres having the floor constructed with two different angles of pitch, the section of floor back of the main cross-aisles, having the greater pitch, shall have its rows of seats spaced not less than 30 inches measured in like manner. There shall be not more than seven chairs between any one seat of a row and an aisle. Where common chairs are used for the seating in a moving-picture theatre, such chairs shall be battened together in a secure manner and securely fastened to the floor. All other chairs, except in boxes and lodges, shall be securely fastened to the floor.

10. *Electrical Installation*.—(a.) Separate complete detailed plans and specifications for all electrical installations in moving-picture theatres shall be submitted to the Fire Marshal for his approval before the work of wiring is commenced.

(b.) All moving-picture theatres shall be wired in approved metal conduit. All switches and cut-outs shall be enclosed in approved cabinets.

(c.) For each 100 square feet of floor area or fraction thereof in the auditorium of any moving-picture theatre (including all balconies, galleries, boxes, and loges) there shall be white light of not less than 2 watts. Such white light shall be evenly distributed over the auditorium and shall be kept lighted during every performance to which the public is admitted, and the lights supplying the same shall be known as the "auditorium running-lights."

(d.) The other auditorium lights of every moving-picture theatre, which shall be known as the "auditorium clearing-lights," shall be operated on an emergency lighting-circuit, said circuit to be controlled by means of switches placed in the lobby of the theatre and also in the projection-room. Such switches shall be so placed as to be in easy reach at all times of authorized attendants of the theatre. The current for every emergency lighting-circuit shall be fed by a separate service, or from a point directly before the main service switch. In addition

to serving the auditorium clearing-lights, the emergency lighting-circuit shall serve all exit lights, all lights in halls, stairways, passage-ways, lobbies, approaches, and all other places where lights are usually kept lighted during an exhibition or performance. The illumination of the entire auditorium supplied by the auditorium clearing-lights shall be not less than 1 watt per square foot of floor area.

11. *Stage Lighting*.—All wiring shall be done in approved rigid conduit or armoured cable. The stage switchboard shall be of the dead-front type. All footlights, border lights, and incandescent flood lights shall be wired with not less than No. 12 slow-burning wire. Flush or sign receptacles shall be used and the conductor soldered securely to the terminals thereof. Not more than 1,320 watts per circuit shall be allowed on any footlight, border light, incandescent flood light, or proscenium light circuit. Footlights, border lights, and incandescent flood light-strips shall be wired in conduit, armoured cable or in sheet-metal trough or gutter made of not less than 20-gauge metal painted with two coats of oxidation-resisting paint. All movable borders, incandescent floods, and similar lights shall be connected to their source of supply by flexible cable. All stage and gallery pockets shall be of approved type and controlled from the switchboard. They shall be supplied by feeders as follows: Pockets supplying arc-lamps shall be fed by not less than No. 6 stranded rubber-covered cable. Pockets supplying incandescent lamps shall be fed by not less than No. 12 rubber-covered wire. Arc and incandescent pockets shall be so made as to be non-interchangeable. All dimmers shall be so connected that they will be dead when their respective switches are open.

12. *Stage Settings*.—Except upon stages equipped with standard proscenium walls and asbestos fire-curtains hung in approved manner, all draperies, curtains, and valances used upon the stage of a moving-picture theatre (other than the moving-picture sheet) shall be treated so as to be flame-proof; and a certificate to that effect shall be filed with the Fire Marshal, who shall cause the draperies, curtains, and valances to be tested from time to time.

13. *Ventilation*.—Where it is found impracticable to supply at least 2 square feet of ventilating area for each person admitted to a moving-picture theatre (this area to include doors, windows, and roof ventilators), a system of mechanical ventilation shall be installed which will deliver a complete change of air at least every fifteen minutes. All fans used for mechanical ventilation shall be equipped with an automatic stopping device which will act instantly should a fire occur on the stage or in the boiler-room.

14. *Heating*.—All furnaces and boilers used for heating moving-picture theatres shall be located in a fire-resistive room. In theatres of less than 350 seats where stoves are used for heating purposes, all stoves shall be located at least 3 feet from the walls and guarded by a substantial iron railing. Not more than six lengths of smoke-pipe shall be permitted, and every smoke-pipe shall have riveted joints and shall lead directly into a brick chimney which is built from a solid foundation to a point not less than 3 feet above the roof. A stove-board, covered with metal or other fire-resistive material and extending 18 inches beyond the base of the stove all round, shall be used under every stove.

15. *Fire-protection Equipment*.—There shall be in every moving-picture theatre situate in a locality where there is a waterworks system at least two stand-pipes of not less than 2½ inches diameter, and equipped with gate-valve hose connection, 1½-inch hose, and plain-bore nozzle with a ¼-inch tip. In addition, there shall be located at different places throughout the theatre liquid chemical fire-extinguishers of a type, nature, and number approved and required by the Fire Marshal. Where no waterworks system is available for fire-protection purposes an extra number of fire-extinguishers shall be deemed necessary. Whenever there is a waterworks system available the furnace-room of the theatre shall be equipped with a standard sprinkler system of not less than two sprinkler-heads.

16. *Projection-room Wiring.*—(a) All electrical apparatus, such as rheostats, motor-generators, rectifiers, transformers, and the like, shall be enclosed in a separate fire-resistive room. All fuses shall be of the enclosed type and located in this room. All switches used in the projection-room shall be of the dead-front type or enclosed in externally operated metal cabinets, or a metal cabinet from which only the handle of the switch protrudes. No live metal parts shall be allowed in the projection-room.

(b.) All arc-lamps used in moving-picture theatres shall be controlled by double-pole single throw-knife switches within easy reach of the projectionists standing in observation position in the projection-room. Conductors carrying current to arc-lamps shall be not less than No. 4 wire gauge. Stranded asbestos-covered conductors provided with approved lugs shall be used between the arc-lamp and switch.

(c.) All electrical wiring in the projection-room shall be enclosed in metal conduit and all fittings shall be of approved type. All movable incandescent lights in the projection-room shall be equipped with wire guards, and reinforced cord shall be used for pendant purposes.

17. *Projection-room Dimensions.*—The projection-room in a moving-picture theatre, being the room in which a cinematograph is installed, shall be of not less than the following dimensions: For one cinematograph, 9 feet in width, 12 feet in depth measured from the front wall to the rear wall through the cinematograph, and 10 feet in height. For two cinematographs, 16 feet in width, 12 feet in depth measured as aforesaid, and 10 feet in height. For each additional cinematograph more than two, a minimum of 5 feet shall be added to the width of the projection-room as prescribed for two cinematographs.

18. *Projection-room Construction.*—(a.) The walls of the projection-room shall be of brick, burnt-clay tile, concrete, or other fire-resistive or slow-burning construction approved by the Fire Marshal. If of brick, the walls shall be 8 inches in thickness, laid in cement mortar, one row of headers to every six rows of stretchers, and plastered inside and out with cement plaster. If of burnt-clay tile, the walls shall be at least 6 inches thick, laid with cement mortar, and plastered inside and out with cement plaster. If of concrete, the walls shall be at least 6 inches thick, made of cement, sand, and gravel mixed in the following ratio: One of cement two of sand, and four of gravel or crushed rock that will pass through a 1-inch mesh, and reinforced with galvanized wire-mesh reinforcement not less than 3-mesh 10-gauge, or $\frac{1}{4}$ -inch steel rods set on 9-inch centres. If of slow-burning construction the walls and ceilings shall be of laminated wood not less than 4 inches thick, all joints to be broken, and covered on the inside with Hyrib metal lath, or equal, and 1 inch of gypsum plaster.

(b.) The ceilings of rooms of masonry construction shall be either of reinforced concrete mixed as above, not less than 2 inches in thickness, or of 3-inch burnt-clay tiles and tee-irons of sufficient strength to hold the burnt-clay tiles securely in place, the tiles to be laid with cement mortar and plastered with cement plaster.

(c.) The floors of rooms of masonry construction shall be concrete slab not less than 4 inches in thickness reinforced throughout with wire-mesh reinforcement. Floors of rooms of slow-burning construction shall be of not less than 4 inches of laminated wood covered with not less than 2 inches of reinforced concrete.

(d.) All rooms of masonry construction shall be carried on solid concrete piers, brick piers, or protected steel columns of sufficient cross-sectional area to afford a factor of safety of four.

(e.) There shall be two entrances to every projection-room. These entrances shall not open directly into the auditorium. If the projection-room is so located that entrances from the auditorium are unavoidable, they shall be made through vestibules having two doors between the projection-room and the auditorium. These vestibules may be used as electrical rooms.

(f.) The doorways to every projection-room shall be not less than 2 feet 6 inches by 6 feet 6 inches.

The door-frames shall be an angle-iron 2-inch by 2-inch by $\frac{1}{4}$ -inch metal, and in case of masonry, hollow tile, or slow-burning construction the side-angles shall be continuous from the floor to the ceiling, being embedded solidly in each. The doors shall be constructed in accordance with the specifications of what is known as Underwriters Standard of Construction for Tin-clad Doors and shall be hung in an approved manner with standard fire-door hardware.

19. *Rewind-room.*—There shall be provided, adjacent to and of the same type of construction as the projection-room, a room for the rewinding of films, the inside measurements of which shall not be less than 6 feet in width, 8 feet in length, and 10 feet in height.

20. *Battery-room Installation.*—The installation of storage-battery equipment in connection with the projection of synchronized sound pictures shall be in a separate room, the inside measurements of which shall be not less than 4 feet in width, 6 feet in length, and 10 feet in height.

21. *Battery-room Construction.*—(a.) In moving-picture theatres of masonry or concrete construction the batteries, battery-charging panels, battery-chargers, and equipment shall be housed in a separate room, the walls and ceiling of which shall be of not less than 4-inch hollow tile plastered on the inside with cement plaster. The floor shall be of concrete not less than 2 inches thick. This room shall be equipped with a Standard Class B tin-clad fire-door.

(b.) In moving-picture theatres of other than masonry or concrete construction the batteries, battery-charging panels, battery-chargers, and equipment shall be housed in a separate room, the walls and ceiling of which shall be of laminated wood not less than 4 inches thick covered with metal lath and plastered on the inside with cement plaster and finished with a smooth coat of hard wall-plaster. The floor shall be of concrete not less than 2 inches in thickness. This room shall be equipped with a Standard Class B tin-clad fire-door.

(c.) The battery-room shall be located adjoining the projection-room and the entrance to the battery-room shall be protected from the projection-room by two doors.

(d.) The ventilation of the battery-room shall conform to the regulations for the ventilation of the projection-room hereinafter contained.

(e.) All metal-work in connection with the battery-room shall be thoroughly painted with acid-resisting paint. All wiring and other electrical work shall be done in full compliance with The Canadian Electrical Code as adopted in this Province, with variations, under the provisions of the "Electrical Energy Inspection Act," and with the municipal by-laws governing electrical work.

22. *Projection-room Ventilation.*—Every projection-room shall be ventilated in such a manner as to render harmless all the gases, vapours, and other impurities which may be generated in the course of operation, and if found necessary one or more exhaust-fans shall be installed. Such fan or fans shall be of sufficient capacity to change the air in the projection-room completely every three minutes. Fresh-air inlets shall be installed at or near the floor-level of the projection-room.

23. *Port-holes.*—For each cinematograph used there shall be not more than two port-holes, one for observation of the screen, the other for the projection of the picture from film or slide. The opening of the observation port-hole shall be not less than 140 square inches in area, or an oval of 13 inches by 11 inches, and not greater than 170 square inches in area, or an oval of 15 inches by 12 inches. The opening of the projection port-hole shall be not greater than 112 square inches in area or a rectangle of 7 inches by 16 inches. All port-holes shall be provided with gravity-doors constructed of sheet steel of not less than 10 B. & S. gauge. When closed the gravity-doors shall have an overlap of not less than 2 inches on all sides, and shall be arranged to slide freely without binding in properly constructed grooves or channels of the same weight of steel. The gravity-doors shall be controlled by a fusible link melting at 160 degrees

Fahr., and shall be installed in a manner so that they they can be lowered individually or collectively. There shall be provided a master release-cord, located adjacent to the entrance-door of the projection-room, controlling the lowering of all the gravity-doors. All the gravity-doors shall be closed each day, after the last performance for the day.

24. *Shelves.*—All shelves, fittings, and fixtures shall be either of non-combustible material or metal-covered throughout.

25. *Film Rewinds and Containers.*—(a.) All film rewinds shall be of the enclosed type; that is, both reels shall be enclosed in metal cabinets or cabinets with not more than 8 inches of film exposed. Where synchronized sound equipment is installed and two projectionists are on shift at a time, open-type rewind-stands may be used for revision, but general rewinding shall be done on enclosed rewinds.

(b.) All films in the projection-room except those in kinematographs or those being rewound shall be kept in a container which shall be constructed of not less than 20-gauge sheet metal. Each reel of film shall be kept in a separate compartment. There shall be an air-space of not less than 1 inch between the compartments and also between the outside wall and the compartments. Doors shall have a 1-inch air-space between the face and film sides. All seams shall be lock-jointed and riveted. No solder shall be used in the construction of the cabinet.

(c.) No film shall be kept or stored in any part of the theatre except the projection-room. Not more than two programmes of film shall be in the projection-room at the same time.

26. *Projection-room Fire-extinguishers.*—Two or more liquid chemical fire-extinguishers, of a size, nature, and type approved by the Fire Marshal, shall be continuously maintained in good working-order in every projection-room. A large bucket of sand and a pail of water shall be kept in every projection-room within easy reach of the projectionist.

27. *Sanitary Arrangements.*—Running water, a basin or sink, and a toilet shall be installed in the projection-room of every moving-picture theatre situate in a locality where there is a waterworks system.

28. *Theatre Licences.*—(a.) No moving-picture theatre shall be opened to the public except after a licence therefor has been obtained from the Fire Marshal. The licence fees payable under the "Fire Marshal Act" for licences for moving-picture theatres shall be as follows:—

(1.) If conducted in premises located in the cities of Vancouver or Victoria and not licensed under any subsequent clause of this regulation, provided the licence fee shall not exceed \$300 or be less than \$75, for each seat	\$0.20
(2.) If conducted in premises within the limits of any organized municipality or corporation townsite, and not licensed under any subsequent clause of this regulation, where the seating capacity does not exceed 300 persons	65.00
For each seat in excess of 300, provided the fee shall not exceed the sum of \$25015
(3.) If conducted in premises not licensed under any other clause of this regulation, where the seating capacity does not exceed 300 persons	55.00
For each seat in excess of 300, provided the fee shall not exceed the sum of \$20010
(4.) If conducted in connection with vaudeville or variety show and exhibiting moving pictures as part of the performance:—	
For the first reel	100.00
For each additional reel	25.00
(5.) If conducted in premises limited to a period of one month	50.00

(6.) If conducted in open-air park:—	
For one month	50.00
For two months	75.00
For three months	100.00
For season, not exceeding six months	150.00
(7.) Itinerant theatres showing feature films, etc., good only in places endorsed on face of licence:—	
For each day	10.00
For each week	40.00
For each month	100.00
(8.) Itinerant theatres, good only in places endorsed on face of licence, not more than four places to be covered by one licence:—	
Good only two days in any calendar week in any one place	25.00
Good only three days in any calendar week in any one place	35.00
(9.) Itinerant theatres limited to small towns or villages good only one day a week, not more than ten places to be covered by one licence	40.00
(10.) If conducted under the auspices of a church, religious organization, educational institution, or in aid of charitable work	10.00

(b.) Where a moving-picture theatre licence within the scope of subclause (1), (2), (3), or (4) of clause (a) of this regulation is issued after the 31st day of March in any year, the licence fee payable therefor shall be reduced by deducting from the prescribed fee one-twelfth thereof for each month of that year which has expired; but in no case shall the licence fee be less than \$10.

29. *Transfer of Licences.*—Any licence issued under the provisions of subclause (1), (2), (3), (4), or (6) of clause (a) of Regulation 28, of these regulations may, with the consent of the Fire Marshal, be transferred from one holder to another, and any licence issued under the provisions of subclause (1), (2), (3), (4), or (6) of clause (a) of said Regulation 28 may be transferred from one premises to another upon payment to him of a fee equal to 20 per centum of the licence fee paid: Provided that in no case shall the fee be less than \$5. Except as provided in this regulation, no licence issued under these regulations shall be transferable, either as to holder or premises.

30. *Payment of Licence Fees.*—Every application for any licence or transfer of licence shall be accompanied by the fee for the licence or transfer, in cash, money-order, or marked cheque, payable to the order of the Fire Marshal.

31. *Approval of Licensed Premises by Municipal Council.*—(a.) Every licence for the operation of a moving-picture theatre issued under these regulations shall be issued only for the premises specified in the application and endorsed on the licence, and subject to the implied condition that the premises in which it is proposed to operate such moving-picture theatre, shall be approved for use as such by the Council, or by an official appointed in that behalf by the Council of the municipality in which the licensee proposes to operate under such licence, and all transfers of such licence shall be subject to like condition.

(b.) In the event of the refusal by such Council or official to approve any such premises, the Fire Marshal may recommend to the Minister of Finance the repayment to the licensee of the licence fee paid; provided that the licence shall be surrendered to the Fire Marshal, accompanied by a cancellation fee of \$5, and such licence shall be cancelled by the Fire Marshal before any such recommendation for repayment may be made.

32. *Scope of Itinerant Theatre Licences.*—(a.) No holder of an itinerant theatre licence shall operate any kinematograph in any premises other than the premises endorsed on the licence, and such licence shall be issued for use only where the premises to be used in the exhibition of moving pictures thereunder are situated at least three miles from any premises otherwise licensed as a moving-picture theatre. No holder of any such licence shall show or exhibit moving pictures in any one of the premises endorsed on the licence for a

greater length of time than the number of days in any calendar week endorsed on the licence, and every such licence shall be issued subject to the implied condition that no exhibition of films or slides shall be permitted thereunder on the Lord's Day, commonly called Sunday.

(b.) The Fire Marshal may, at his discretion, upon payment of a fee of \$5, grant a substitution of or increase in the number of premises to be used in the operation of a cinematograph under any itinerant theatre licence.

KINEMATOGRAPHS.

33. *Approved Kinematographs.*—(a.) A cinematograph shall not be operated in any moving-picture theatre unless the cinematograph has been approved by the Fire Marshal and bears his stamp or label of approval.

(b.) A cinematograph after it has been approved by the Fire Marshal shall not, while in any moving-picture theatre, be used for practice in the operation thereof, or be tested, adjusted, taken apart, reassembled, or repaired except in the presence of and under the supervision of a licensed projectionist.

34. *Equipment of Kinematographs.*—(a.) All kinematographs, cinematograph lamp-houses stereopticons, cinematograph heads, spot-lamps, and all apparatus used in connection with projection and stage work shall be in themselves and all their accessory parts of a style and type approved by the Fire Marshal. All cinematograph lamp-houses, stereopticon lamp-houses, and spot-lamps in a projection-room shall be connected by at least a 4-inch sheet-metal pipe or stack to the ventilation flue of the projection-room.

(b.) When two or more kinematographs are installed, and when only one projectionist is on shift at a time, dual control switches shall be installed on the kinematographs and a master control switch on the arc feed circuit.

(c.) All kinematographs used for the projection of synchronized sound pictures shall be equipped with remote-control dowsers or cut-offs.

(d.) No film, whether silent or synchronized sound, shall be projected at a speed exceeding 100 feet of film per minute.

(e.) Kinematographs which are so constructed as to use only slow-burning or acetate film of special width and perforation may be used without an enclosed projection-room. Such slow-burning or acetate film, besides the special width and perforation, shall have a permanent distinctive marker throughout its entire length denoting the make and the slow-burning character of the film stock.

35. *Film Reels.*—Bent, broken, or wabby reels or reels with loose or broken hubs shall not be used in any cinematograph. All reels used on kinematographs shall have not less than a 5-inch hub, and where over 1,000 feet of film is used the reels shall be not less than 14 inches over-all in diameter. This applies to both carrier and take-up reels.

36. *Employment of Licensed Projectionists.*—A cinematograph shall not be operated in any moving-picture theatre unless the projection-room of the theatre is in charge of a person who holds a projectionist's licence of the class corresponding to the classification of that theatre under clause (a) of Regulation 41 of these regulations, and who is, during the time the cinematograph is operated, continuously present in the projection-room.

37. *Synchronized Sound Picture Projection.*—(a.) In all cases where synchronized sound pictures are projected and where two or more kinematographs are used, two licensed projectionists shall be on duty continuously during the time the performance is open to the public.

(b.) Synchronized sound picture projection equipment installed or used in a moving-picture theatre, the projection-room or projection equipment of which is under the provisions of these regulations required to be in charge of a projectionist holding a first-class licence, shall be in charge of two projectionists holding first-class licences; and synchronized sound picture projection equipment installed or used in every other moving-picture theatre shall be in charge of two projectionists holding not less than second-class licences.

PROJECTIONISTS.

38. *Board of Examiners.*—There shall be a Board of Examiners for the examination of projectionists, which shall consist of the Fire Marshal, who shall be Chairman, the Chief Inspector of Electrical Energy under the "Electrical Energy Inspection Act," and the Assistant Fire Marshal, acting as Inspector of Theatres. Two members of the Board shall constitute a quorum. In case of the illness or absence of any member, the Chairman may appoint the Deputy Fire Marshal, the Assistant Inspector of Electrical Energy, or any other competent person to act as a member *pro tempore*.

39. *Application for Examination.*—(a.) Candidates for examination as to competency shall make application to the Chairman of the Board of Examiners on a form supplied by the Board, and shall forward the application to the Chairman accompanied by an examination fee as follows:—

For 1st-class certificate of competency a fee of	\$25.00
For 2nd-class certificate of competency a fee of	20.00
For 3rd-class certificate of competency a fee of	15.00

(b.) No person shall apply for examination for a first- or second-class certificate of competency unless he has acted as a projectionist or apprentice projectionist for not less than twelve months, and no person shall apply for examination for a third-class certificate unless he has acted as an apprentice projectionist for not less than six months.

40. *Examinations.*—Applicants for licences as projectionists shall be subjected to examination as to competency before the Board of Examiners, and, when convenient, examinations shall be conducted by the full Board; but it shall be competent for any two or more members of the Board to conduct the examination for first-class certificates when authorized to do so by the Chairman of the Board, and for any one or more members to conduct examinations for second- or third-class certificates when so authorized. Examinations for first-class certificates shall be held in the examination-room at Vancouver during the first week of March, June, September, and December, respectively; and other examinations shall be held at such times and places as may be fixed by the Board.

41. *Classification.*—(a.) Classified certificates of competency shall be granted to successful candidates at the examinations. The examinations shall be based upon the seating capacity of the class of moving-picture theatres in respect of which the candidate has applied to be examined, according to the following classification:—

First class: All moving-picture theatres seating 500 or more persons:

Second class: All moving-picture theatres seating 200 or more and fewer than 500 persons:

Third class: All moving-picture theatres seating fewer than 200 persons.

(b.) Projectionists' licences shall correspond in classification to the certificates of competency held by the respective applicants therefor.

(c.) Holders of second- and third-class certificates of competency issued prior to September 1st, 1929, shall be subject to re-examination.

42. *Synopsis of Subjects for Examination.*—The following is a synopsis of subjects which shall be covered by examinations of applicants for certificates of competency of the respective classes, which subjects may be varied by the Board of Examiners from time to time as changes in projection equipment or apparatus require:—

FIRST CLASS.

Examinations will cover detailed written examinations and practical demonstrations under the following heads:—

Electrical.

Specific working knowledge of theatre and projection-room wiring; sizes and carrying capacities of wires and cables; insulation and installation of same.

Specific working knowledge of generators, rectifiers, transformers, and rheostats.

Testing and tracing circuits for phase relationship, voltage, opens, shorts, grounds, and other things. Complete work of making connection from source of supply through motor-generator, rectifier, and other equipment to the lamp-house.

Specific working knowledge of all types of arc and incandescent lamps for projection purposes.

Mechanical.

Specific working knowledge of accepted types of projection mechanisms, their uses, care, adjustments, and renewal of parts.

Various types of intermittent movements, their adjustments, care, and qualities. Safety devices on mechanisms, action, care, and adjustment.

Revolving shutter, principle, design, and adjustment.

Optical.

Specific working knowledge of condensers, types, mountings, adjustments, focusings, matings, and care.

Knowledge of mirrors, types, mountings, adjustments, focusings, faults, and care.

Knowledge of projection lenses, construction, selection, adjustments, use, and care.

Ability to secure and maintain clear field on the screen. Ability to secure correct definition and to secure best results on screen at minimum of expense.

Safety.

Specific working knowledge of safety appliances connected with projection-machine apparatus, auxiliary safety appliances, their use and care.

Knowledge of projection-room, its construction, equipment, ventilation, and general lay-out of room.

SECOND CLASS.

Examinations will cover detailed written examinations and practical demonstrations under the following heads:—

Electrical.

General working knowledge of theatre and projection-room wiring. Sizes and carrying capacities of wires and cables. Insulation and installation of same.

General working knowledge of motor-generators, rectifiers, transformers, and rheostats.

Testing and tracing of circuits for shorts, grounds, opens, voltage, and phase relationship. Complete work of connection from source of supply through motor-generator, rectifier, transformer, and other equipment to arc-lamp.

General working knowledge of all types of arc and incandescent lamps used for projection-work.

Mechanical.

General working knowledge of accepted projection mechanisms, their component parts, their care, use, and replacement and adjustment.

Various types of intermittent movements, their principles, adjustments, and care.

Revolving shutter, principle, action, and design. Safety devices, their action and care.

Optical.

General working knowledge of condenser-lenses, their types, uses, and matings.

Knowledge of mirrors, their types, uses, care, and mountings. Special incandescent mirrors and condensers.

Ability to secure definition and to maintain clear field and maximum brilliancy on screen at least expense.

Safety.

Working knowledge of all safety appliances on moving-picture machines, their care and replacement. Auxiliary safety apparatus, use and care.

Projection-room, construction, installation, and ventilation. General lay-out of projection-room.

THIRD CLASS.

Examination will cover detailed written examinations and practical demonstrations under the following heads:—

Electrical.

Working knowledge of theatre and projection-room wiring. Sizes, carrying capacities, and installation of wires and cables. Wiring systems as applied to moving-picture work.

General knowledge of apparatus used in A.C. projection-work. Transformers, reactances, choke-coils, and equipment. Care of incandescent illuminant equipment.

Mechanical.

Working knowledge of machine-head, its component parts, their uses, care, and adjustments.

Intermittent movements, their types, action, adjustment, speed, and timing.

Revolving shutter, its principle, action, and faults.

Threading, framing, and focusing devices and their adjustments.

Optical.

Condensers, types, uses, measurement, and care. Special incandescent condensers and mirrors. Projection-lenses, selection, use, testing, construction.

Ability to secure definition and clear field. Ability to correct minor faults.

Safety.

Knowledge of safety appliances connected with moving-picture machines.

Construction of projection-room. General knowledge of projection installations. Ventilation of projection-rooms.

43. *Pass-marks.*—Before a candidate is granted an examination in practical demonstration, he shall be required to make not less than 60 per centum of the possible marks on each subject and an average of 65 per centum on all subjects of his written examinations; and before a certificate of competency is granted to him, he shall be required to make not less than 65 per centum of the possible marks on each branch of subjects in his examination in practical demonstration.

44. *Issue of Licence.*—Where a successful candidate is the holder of a projectionist's licence of a class other than that covered by his examination, he may, upon surrender of the existing licence, obtain a licence of the class corresponding to his new certificate of competency, which licence shall be good for the remainder of the current year. In all other cases a licence fee of \$2 shall be paid before the issue of a projectionist's licence.

45. *Re-examination.*—Any holder of a projectionist's licence may be required by the Board of Examiners to appear at any time for further examination as to his competency, and if he fails to appear and pass the examination so required his licence shall be cancelled. No examination fee shall be payable in respect of any examination so required.

46. *Temporary Licences.*—Where it is found impracticable for the Board of Examiners immediately to examine the applicant for a projectionist's licence, the Fire Marshal may issue to the applicant a temporary licence for a period of not more than sixty days, which licence shall cease to be valid after the day fixed for the applicant's examination, of which notice is given to him by or on behalf of the Board. Temporary licences shall not be issued where the services of a licensed projectionist are obtainable, unless they are obtainable only on such terms and conditions as by the Fire Marshal are considered unfair.

47. *Film Reports.*—(a.) It shall be the duty of every licensed projectionist of any moving-picture theatre to report, on forms supplied by the Fire Marshal, the condition of each film supplied to the projectionist, setting forth thereon the condition in which the film was received and in which it left his care. These reports shall be made after completion of the run of film and forwarded to the Fire Marshal.

(b.) In case a film is so received in such condition that it would create a serious fire hazard to project the same, the projectionist in charge of equipment shall notify manager of the moving-picture theatre at once of that fact, and shall refrain from projecting the film. The manager shall immediately notify the Fire Marshal by telegraphic dispatch of the condition of such film.

48. *Kinematograph Reports.*—It shall be the duty of every licensed projectionist of any moving-picture theatre to report to the Fire Marshal immediately, in writing, any kinematograph which is found to be defective in any respect.

49. *Apprentice Projectionists.*—(a.) Applicants for licences as apprentice projectionists shall make written application to the Fire Marshal in such form as he may prescribe, accompanied by the written consent of the licensed projectionist under whom the applicant is to serve as apprentice and a licence fee of \$5.

(b.) A licensed projectionist shall not have more than one apprentice in his service at the same time, and only one apprentice projectionist shall be allowed in the projection-room at a time when the moving-picture theatre is open to the public.

Miscellaneous.

50. *Operation of Kinematograph while Intoxicated.*—No person shall, while under the influence of intoxicating liquor, operate or attempt to operate a kinematograph situated within any moving-picture theatre, nor shall any person in charge of any moving-picture theatre permit any person under the influence of intoxicating liquor to operate or attempt to operate any kinematograph situated within said theatre.

51. *Fire Reports.*—In case a fire occurs in any moving-picture theatre, the manager or person in charge of the theatre shall, within twenty-four hours, report to the Fire Marshal in writing the location and extent of the fire and the time of its occurrence.

52. *Annual Licence Fees.*—Except where otherwise expressly mentioned, the fees prescribed by these regulations for moving-picture theatre licences and for projectionists' and apprentice projectionists' licences shall be payable as annual fees.

53. *Cancellation of Licences.*—The following are some of the causes warranting the cancellation or suspension of licences issued under these regulations:—

Failure to display projectionist's licence for the operation of moving-picture apparatus and its connections:

Making false statements in application for licences:

Operating a kinematograph of a type or style not approved by the Fire Marshal:

Maintaining a dirty projection-room:

Latching the door of the projection-room on the inside, removing the handle from the outside of the door, or otherwise taking action such as might delay the access of authorized persons to the projection-room:

Failure to report promptly to the Fire Marshal in writing the occurrence of any fire in the projection-room of the holder of the licence, said reports to state fully the apparent cause or causes of said fire:

Permitting unlicensed manager or employee of a moving-picture theatre, or any other unlicensed person, to operate kinematograph in a moving-picture theatre projection-room while audience or spectators are in said theatre:

Permitting doors of film magazines to remain open or unlatched while said kinematograph is in use:

Propping up or suspending any fire-shutter on any kinematograph:

Removing any film-guard from any kinematograph, or in any way holding any film-guard from normal position while said machine is in use:

Being absent from observation position at kinematograph while said machine is being driven by motor, save and except where control switches on arc and motor-drive circuits are installed to the approval of the Fire Marshal given in writing:

Smoking or permitting smoking or use of matches in the projection-room, rewind-room, or battery-room at any time:

Allowing the door of the projection-room to be open while pictures are being projected:

Reading while projecting pictures:

Permitting any person other than the manager of the moving-picture theatre in which the projectionist is employed, or the licensed projectionists or apprentice projectionists employed by the said

manager, or an authorized official, to be in the projection-room while audience or spectators are in the moving-picture theatre:

Having in the projection-room at any time a greater number of reels of film than two complete programmes:

Having any film exposed in the projection-room other than the one film in process of transfer to and from the kinematograph, or from the upper or lower magazine to the rewind:

Operating over fused or improperly connected electrical equipment:

Permitting licence to be in the possession of an unlicensed person:

Failure to test apparatus or connections prior to each performance or exhibition:

Operating a defective kinematograph.

STORAGE AND USE OF NITRO-CELLULOSE X-RAY FILM.

54. *Permit required.*—No person shall use, process, or store any nitro-cellulose X-ray film in any hospital, clinic, doctor's or dentist's office, laboratory, or other similar premises unless he has made application in writing for and obtained from the Fire Marshal a permit therefor under this regulation. Every application shall set forth the location of the premises to be covered by the permit, the use to which the premises are put, the approximate quantity of film to be used, processed, or stored annually therein, the name of the manufacturer of the film, the proposed method of handling the film, and the storage facilities available therefor. Every permit obtained under this regulation shall be subject to the regulations hereinafter contained.

55. *Storage.*—Nitro-cellulose X-ray film to the extent of 30 lb. may be kept and stored in an approved metal container in any hospital, clinic, doctor's or dentist's office, laboratory, or other similar premises. The following table may be used as a guide in computing the weight of film:—

No. of Negatives.	Size.	Weight.
100	14" by 17"	12 lb.
100	10" by 12"	6 lb.
100	8" by 10"	4 lb.

56. *Film-vaults.*—All nitro-cellulose X-ray film in excess of 30 lb. shall be kept and stored in a film-vault, the construction of which shall be identical with that laid down in Regulations 5, 6, 7, 8, and 9 of the "Regulations Governing the Manufacture, Storage, Carriage, and Disposal of Moving-picture Films," published in the Gazette for 1926 at page 1373.

57. *Loose Nitro-cellulose X-ray Film.*—All nitro-cellulose X-ray film when not being worked upon shall be kept as prescribed in the foregoing regulations. No loose nitro-cellulose X-ray film shall be allowed to accumulate in any hospital, clinic, doctor's or dentist's office, laboratory, or other similar premises.

58. *Discarded Film.*—All discarded nitro-cellulose X-ray film shall be stored and handled in like manner as good film until it is removed from the premises and destroyed.

59. *Illuminators.*—No illuminator shall be used with nitro-cellulose X-ray film unless it is so designed and built that the diffusing glass or glasses cannot become overheated from the illuminating agent.
